**Passengers:** 7 + skipper (English spoken)  
**Shipbuilder:** Invictus (Italy)

*The new creation by the Italian shipbuilder, the Invictus 280 GT, measures 9 metres long by 2.84 metres wide. Up to 8 passengers can enjoy themselves on board in the comfort of its quarters. The spectacular inverted bow and the shape of the hull help to increase its stability, meaning that it offers a surprising response to any demands from the weather or the skipper himself, not matter for what purpose you want to use it.*

*The boat boasts an Italian nautical style with simple, elegant lines and attention to even the smallest details. Foremost is the large sunning platform on the stern, which even takes advantage of the upholstered engine cover. The 'sunning' area can be extended by rotating the back of the rear seat in the shape of an "L", making it reach the central part of the deck. Designed to get as much room as possible, it has a large cabin, a modular fully equipped kitchen and a fridge, in addition to a separate electric bath.*
